

Set It All Free

I followed my heart into the fire
Got burned, got (①) down by (②)
I tried, I tried but the smoke in my eyes
Left me blurry, (③) and blind
I picked all the pieces up off the ground
I've burned all my fingers but that's gone now
Got the (④) in my hands I'm stickin' to the plan
(⑤) to the plan that says "I can"
Do anything at all
I can do anything (⑥) (⑦)

This is my kiss goodbye
You can stand alone and watch me (⑧)
'Cause nothing's keeping me down (⑨) let it all
up
Come on and say right now, right now, right now

This is my big hello
(⑩) I'm giving, never letting go
I can finally see, it's not just a dream
When you set it all free, all free, all free

You set it all free

I followed my heart into the fire
Got burned, got broken down by desire
I tried, I tried but the smoke in my eyes
Left me blurry, blurry and blind
I picked all the pieces up off the ground
I've burned all my fingers but that's gone now
Got the glue in my hands I'm stickin' to the plan
Stickin' to the plan that says "I can"
Do anything at all
I can do anything at all

This is my kiss goodbye
You can stand alone and watch me fly
'Cause nothing's keeping me down gonna let it all up
Come on and say right now, right now, right now

This is my big hello
'Cause I'm giving, never letting go
I can finally see, it's not just a dream
When you set it all free, all free, all free

You set it all free
